PROFILE SUMMARY

IT graduate with hands-on experience in technical support, network troubleshooting, and web development. Familiar with PHP, Laravel, MySQL, JavaScript, and AI-assisted development as a vibe coder. Eager to learn, improve my skills, and contribute to a professional team.

EDUCATION

Far Eastern University -

Cavite (FEU CAVITE)

2022 - 2026

LATIN HONOR : CUM LAUDE (3.44/4.00)

Bachelor of Science in Information Technology

Relevant Coursework: Networking, Multimedia (Photoshop), Laravel, Database, Programming, SAP

PROFESSIONAL EXPERIENCE

Mater Dei Academy of Tagaytay Inc. (MDA)

IT Support (Intern)

- Resolved technical issues involving computers, printers, software, and network connectivity by providing timely troubleshooting and IT support, resulting in improved system performance and reduced user downtime.
- Set up and configured LAN infrastructure, including routers, switches, modems, wireless extenders, and network cabling, ensuring stable and reliable internet and network connectivity across the organization.
- Designed and developed a web-based Appointment Management System to replace manual appointment scheduling, resulting in a more efficient booking process with automated dashboards and email notifications.
- Managed and organized student records using Microsoft Excel and database systems, improving data accuracy and enabling faster generation of administrative reports.
- Installed and maintained a Synology NAS server for centralized file storage, backup, and network file sharing, enhancing data accessibility and ensuring secure backup management.
- Performed computer hardware diagnostics, maintenance, assembly, and disassembly to identify and resolve hardware issues, helping extend device lifespan and maintain reliable workstation performance.

PROJECT / ACADEMIC PROJECT

Manggagawang pinoy: Web-Based Job Matching Platform

FULLSTACK DEVELOPER LEAD | CAPSTONE PROJECT

Tech Stack: PHP, Laravel, MySQL, HTML, CSS, JavaScript, Bootstrap | AI tools: Chatgpt , Claude

- Developed a web-based job matching platform to address the difficulty of blue-collar workers finding suitable employment, resulting in a centralized and accessible platform for connecting workers with employers.
- Built key platform features including a digital resume builder, applicant profiles, messaging, job posting, ratings, and feedback, resulting in a streamlined recruitment and application process.
- Integrated an AR calling card and QR-based profile sharing feature to improve applicant visibility, resulting in a convenient and interactive way for workers to showcase and share their professional information.

SKILLS

Technical Skills:

IT Support: PC Assembly, Hardware Diagnostics, Troubleshooting, Preventive Maintenance, OS & Software Installation, Printer Support

Networking: LAN Setup, Network Cabling, Router & Switch Configuration, Network Troubleshooting, Synology NAS, Active Directory

Remote & Microsoft Tools: TeamViewer, AnyDesk, Microsoft 365, Outlook, Teams, Word, Excel, PowerPoint

Web Development: PHP, Laravel, MySQL, HTML, CSS, JavaScript, Bootstrap

Tools & AI: Git/GitHub, ChatGPT, Claude

Soft Skills: Problem-Solving · Adaptability · Teamwork · Time Management · Attention to Detail · Critical Thinking · Willingness to Learn

CERTIFICATIONS

- TESDA: Visual Graphics Design NC II
- TESDA: Computer System Servicing NCII (Certificate of Competency)
- SAP: Smartbooks & Power BI – Operations Management with Analysis
- SAP: Smartbooks & Power BI – Fundamentals of Accounting with Analytics
